Tour Details

The coastline of Southern Mozambique is covered with the most beautiful and exquisite structures of hard and soft corals, home to myriads of game and reef fish, potato bass, rays, turtles, dolphins, whales, hammerheads and Zambezi sharks.

Unlike the coral reefs in South Africa, most of these reefs have remained untouched for nearly 2 decades during the civil war. Therefore scuba diving in this area is, without a question, the finest and most memorable scuba diving available in Southern Africa.

Extraordinarily rich in diversity with varying topography and a multitude of marine animals to observe, the extensive reefs at Parque de Malongane are pristine and offer you an unbelievable diving experience.

This exclusive dive package includes 3 night's accommodation in Ponta Malongane, 4 dives per diver (including air fills), breakfast/brunch & dinner daily.

Border transfers available at R200 per person return should you not have your own 4x4 vehicle

Come and join us for an awesome adventure in the paradise of Southern Mozambique.
